

Dear FCC

I benefit from XM Radio's broadcasts of traffic and weather information, and I am thrilled with the overall quality and variety of programming on XM. This is a subscriber service which I have paid for in full, so I am dismayed to hear that the National Association of Broadcasters (NAB) is trying to stifle this service.

I respectfully ask you to reject NAB's petition 04-160 and support XM's ability to provide this invaluable service to it's paid subscribers.

Thank you!
